MORE BALDHEADED WOMEN THAN MEN, SAYS AUTHORITY

That's Why Women Should Abolish Dandruff and End Scalp Itch.

One noted authority says that there are five baldheaded women to every four baldheaded men, and loss of hair among women is rapidly increasing. This is the startling statement published in one of the standard magazines.

This would indeed be distressing news for women were it not for the fact that PARISIAN SAGE will surely prevent loss of hair from either men or women.

Ladies, don't worry; this great authority may be right and may be

wrong. Just put your faith in PARISIAN SAGE. It will keep for you all the hair you have now and grow for you an abundance of new hair. PARISIAN SAGE is the most delightful and invigorating hair dressing in the world; if you do not use it daily you are missing a glorious treat. It is not a dye and does not contain a particle of dangerous sugar of lead or sulphur.

It will banish dandruff, kill the dandruff germ (cause of baldness), stop falling hair and scalp itch in two weeks. PARISIAN SAGE also puts lustre and radiance into dull, faded hair. Large bottle 50 cents at all drug and department stores and at the local office in El Paso. Refuse substitutes. Ask for PARISIAN SAGE—the girl with Auburn hair on every carton and bottle. "Kelly & McLeod Guarantees It."

TO DRAG ROADS AFTER A RAIN

Judge Eylar Makes Arrangements For Road Work In County.

The country dirt roads in the Roswell section are favorably commented upon by persons who have traveled over them. The intelligent use of the road drag is largely responsible for their condition. In order to secure information that will arouse sufficient interest in this work to induce the ranchers of El Paso county to drag the roads that run past their places after each heavy rain, at a reasonable compensation to be paid by the county, Judge Eylar wrote to one of the commissioners of the county in which Roswell is located to ascertain the success of road drag work in that county, and received from W. M. Atkinson, a commissioner of Chaves county, a letter from which the following extracts are made:

"We have in our county about 200 miles of graded dirt roads. As soon as any heavy rain falls, we get right out with all the drags we can muster and do some very effective work, and I highly recommend their use after every rain. We never attempt to use them except when the road is wet and damp from the rain. They do no good on a dry road. Our people have thoroughly learned the benefit of dragging the roads after every heavy rain, and now insist that we use all the drags we can. We furnish drags to some of the farmers and have arrangements with them to get right out after every rain and use them in their neighbor-

ALBUQUERQUE PLANS MODEL COUNTRY CLUB

Albuquerque, N. M., May 10.—Spending \$15,000, Albuquerque expects to get one of the neatest and best appointed country club houses and club grounds in the southwest.

Mayor D. K. B. Sellers has been investigating the matter and has in view an 80 acre tract in Embudo canyon, nine and a half miles east of the city, about midway between Tijeras and Bear canyon, and reached by an ideal road for automobiles and other vehicles. The ranch lies at the foot of the beautiful Sandia mountains and gives an uninterrupted view of the Rio Grande valley for miles in either direction. There is a perpetual spring on the ranch, which flows at the rate of 25 gallons of water a minute. The land embraced in the tract is level and could be parked and irrigated by means of this spring.

LAS CRUCES SHIPS CATTLE TO MARKET

Catholic Cathedral to Be Enlarged and Grounds Beautified.

The office of The Herald for Las Cruces is in the Robinson Drug Store, "The Quality Store." This office will deliver The Herald each night at the regular rate of 40 cents a month.

Las Cruces, N. M., May 10.—W. W. Cox is making large shipments of yearlings, which have just been driven in from San Augustine ranch, some being sold to other local cattlemen, and one shipment of 800 yearlings being sold here to C. MacBeth, of Denver, for shipment to Kansas City.

The cattle are in good condition and fat, which would show that the range for cattle in this valley is in fine condition. Mr. Cox has been out of the city on his ranch for two weeks on the spring roundup, and with this shipment and some smaller consignments, he will be through with his labor for this time.

J. D. Miller, of Oklahoma City, is in the valley on business.

M. B. Thompson has gone to Santa Fe on business for a few days.

L. P. Hopper, of Andover, is in the valley on a brief visit.

Ell Newsum, of La Mesa, came in for a few days in the county seat on business.

C. MacBeth, of Denver, who has been buying cattle for shipment to the stock yards at Kansas City and other places, left last night for Magdalena and Socorro, where he expects to make large shipments.

C. W. Luckey, of Mexico City, is here on a brief visit with friends from down the valley.

Mrs. Chas. T. Bartlett, of La Mesa, came in for a day of shopping.

The first meeting of the newly organized "500" club is being held at the home of Mrs. Vincent May this afternoon.

The Thursday Bridge club which disbanded at the end of the season, will reorganize and resume the weekly games throughout the summer.

Wm. B. Trent, of San Antonio, Tex., is here on a visit to his brother-in-law, A. Lindsey, and family.

Mrs. Ella M. McClure, of La Mesa, N. M., is in town on business before the local land office in the matter of taking up a government homestead north and east of Berino.

David Laub, father of Dr. Sol Laub, is here on a visit to his son and family. He expects to be here for some time.

Stuart K. Baker, son of W. E. Baker, is down from the Elephant Butte dam on a visit to his father. He is in the engineering department there.

The women of the Catholic church are endeavoring to raise funds to cut down the outstanding indebtedness incurred through the reforming and improving of the church, which cost several thousand dollars.

On Friday night, May 10th, they will give a ball for the benefit of the church improvement fund at the Armory.

Father Vandermeulen is planning to build an addition to the church which will bring the cathedral in the form of a cross. The addition is for the purpose of enlarging the sacristy, and as soon as those improvements have been made and paid for, the beautifying of the grounds surrounding the cathedral will be undertaken.

When the work is completed the cathedral will have a seating capacity of almost double its present capacity.

Mrs. Ella A. McClure, of La Mesa, made entry under the homestead act at the local land office of E. S. W. S. E. 1/4, N. E. 1/4, Sec. 22, T. 22, S. R. 18 W.

Peter J. Fairly, of Lordsburg, N. M., made entry under the homestead act of S. E. 1/4, N. E. 1/4, Sec. 22, T. 22, S. R. 18 W.

Prices reduced, but high standard maintained in the Kodak finishing department at Feldman's. Ask for new price list.

CLOVIS WILL GET THE NORMAL COLLEGE

Favorable Action at Santa Fe Causes People to Rejoice.

Clovis, N. M., May 10.—Clovis is jubilant over the favorable action taken at Santa Fe looking to the location of the east New Mexico Normal school in this city.

The matter of public education has had a large place in the affairs of this city since its inception. Clovis now has three frame school buildings, a \$25,000 brick building, and is now proposing to build a large school building.

R. D. Oldham is on a business visit to Kansas City this week.

Chas. Dennis, of this city, a member of the Democratic central committee, made a trip to Mexico this week on business of a political nature.

C. A. Spille, of Artesia, spent a short time here on his return from Mexico, where he invested heavily in a cattle ranch property.

Rev. J. R. Carver, of Fort Sumner, is a visitor here, the guest of Rev. and Mrs. S. H. Jones, of the Presbyterian church.

Clovis and the whole surrounding country is more thoroughly soaked than for the past four years. The first rain began falling Tuesday afternoon and since that time there have been floods of rain, the heaviest falling this morning between 8 and 10 o'clock.

Miss Dora Brown is spending this week on her claim near Lake Arthur.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA-GA.

Italian Dirigible Manuevering In Tripoli

The above photograph, just received from the scene of the Italian-Turkish hostilities, was taken as one of the big Italian dirigibles was being manuevered over a section of Tripoli occupied by Turkish troops, for the purpose of reconnoitering. During the last week, however, this and another similar air craft ascended from the Italian camp loaded with powerful bombs for an attack upon a fortified position of the Turks which had offered a stubborn and effective resistance to the approach of the Italian columns. After manuevering directly over the Turkish Arab camp, out of range of field pieces, the Italian officers began a terrific bombardment from the skies. A frightful destruction was wrought in this manner. The Turkish position was almost completely obliterated, and a number who escaped with their lives were captured by the Italian land force.

EL PASO REALTY SHOWS ACTIVITY

Spring Moving Fever Makes Demand—Several Deals Recorded Recently.

Realty activity is brisk, some dealers report, while others will not admit it very gladly. At least the spring moving fever is doing good work, and many folks are renting new houses, and a few are buying homes.

One dealer declared that the man who is sick of being forced to move is a good buyer this spring. His landlord has sold the house from under him, and he is entering like a lion, and prospects are all of the best.

San Elizario Island Sales.

Some land exchanges were made this week on the San Elizario island. Sallie Wells Rash sold to J. A. Coggin the price paid was \$1,354. Glenn previously sold Coggin one-half interest in the property, and A. E. Brown loaned to Coggin survey 140, containing 46 1/2 acres for \$1729.

Other Transfers.

Dr. W. R. Urnston has sold at 1512 Boulevard. The price paid was \$5,700. The sale was made through the Newman Investment company.

Fred S. Bromberger has purchased the new six room bungalow at 1510 Rio Grande street from A. C. Miller. The sale was made through Hawkins Bros. The bungalow is located on two lots, and is fitted with hardwood floors and basement.

Good price was received for valley land this week when S. Wisliger sold to W. G. and Ethel Abbott seven acres near San Jose for \$1,500. The Newman Investment company made the deal.

Through the Newman company the estate of Mrs. Frances R. Taylor has sold to Frank Oberman the four room bungalow, together with lots 6 and 7, block 127, Highland Park. The selling price was \$2350.

The six room brick cottage located at 1610 East Boulevard has been sold by J. W. Beckwith through the Newman company to Mrs. Carrie Bolter, for \$2500.

General Rains In The Plains Country

Another Flowing Well Is Brought In Near Plainview.

Plainview, Texas, May 10.—General rains have fallen over the plains the past two nights. The fall was light at Plainview, but in portions of the county and in adjoining counties the fall is reported heavy. The rain was very welcome to the wheat men, since the oldest wheat was beginning to need rain. Thunderheads indicate additional precipitation today.

H. Perry has just completed the fourth well of his 12 contracts. This well is situated 1 1/2 miles west of Plainview, has a lift of 40 feet and is equipped with a five inch centrifugal pump, capable of discharging 1,200 to 2,000 gallons per minute. The well is developing nicely, and after only a few hours pumping is already furnish-
